

**EUROPACT 2011**  
**2<sup>nd</sup> European Conference on**  
**Process Analytics and Control Technology**  
**April 27 – 29, 2011 in Glasgow/UK**  
**<http://www.euro-pact.org>**

EUROPACT 2011 is the second European Conference on Process Analytics and Control Technology. The conference will cover new technologies in process analytics, the implementation of these technologies in various fields and the transformation of data into knowledge. The conference will be complemented by an exhibition of instrumentation, applications and data evaluation tools.

EUROPACT 2011 provides a meeting and a discussion forum for scientists and users of process analytics from academia and industry. The conference programme will include plenary and keynote lectures and discussion during poster sessions. A day of Pre-Conference Courses will provide a good introduction to the field for newcomers and advance the knowledge of existing practitioners.

The call for papers is open until October 1, 2010. Paper submission is requested via file upload (1-page abstract) at the conference web site in spring 2010.

Sessions

- 1) Chemical Imaging and Process Tomography
- 2) Process Chemometrics
- 3) Innovations in Process Analysers and Sensor Technology
- 4) Novel Process Design and Control Strategies
- 5) Trace Analysis Capabilities in Process Monitoring
- 6) Advances in Control of Continuous Manufacturing
- 7) PAT in Pharmaceutical Industries
- 8) Control in Food and Beverage Industry
- 9) Novel Applications of Process Analytics in Chemical and Biotechnology Industry
