### *Titan Enterprises Implements Post Brexit Support Package for EU Customers*

Titan Enterprises (Sherborne, UK) has implemented a package of measures to ensure price stability, competitive delivery times and provision of supporting paperwork to ensure trouble-free supply of its high-quality flow meter and flow measurement systems to European Union (EU) customers.

#### **Following the UK vote**

to leave the European Union in 2015, on 24 December 2020 the negotiators from the EU and the UK reached an agreement on a new trading partnership. As of 1 January 2021, customs formalities, like those applied on the movement of goods between the EU and any other third country.

#### **Kate Thomas, Office Manager**

for Titan Enterprises commented "As European sales represent an important market to us, we have been preparing for some time to ensure our EU customers can continue to order and receive products from our extensive flow meter range as easily as before BREXIT."

#### **To smooth the transition**

to the new trading arrangement Titan will do all the required paperwork, including Customs Invoices that include proof of origin and Titan's EORI number for shipping to EU, which is already logged with couriers and noted on all invoices.

Kate Thomas confirmed "Beneficially our flow meters are not categorised as controlled goods and tariff charges are not changing. If a certificate of conformity is required, we can supply this on request too. All couriers we use have preferred border service which limits any delays at borders. We will work closely with our customers to resolve any issues that come to light and ensure a robust and straightforward distribution system is maintained. In addition, we are guaranteeing that our prices are fixed until at least April 2021". apply to all goods being imported by an EU Member

#### **Drawing upon over 40-years of flowmeter innovation**

- Titan Enterprises Ltd is a manufacturer of high-performance solutions including the Atrato ultrasonic flowmeter, Oval Gear flowmeters, low flow Turbine flow meters and a flow instrument range. Titan's company philosophy of "pushing the envelope by trying to do things a little different and better" has resulted in sales of over 500,000 products into 50 countries worldwide and a repeat purchase percentage of 95%. All flowmeters produced by Titan Enterprises are designed and manufactured to ISO9001 and calibrated to an uncertainty of  $\pm 0.25\%$ . State from the UK.
