

## **PRESS RELEASE**

### **Versatile Single Tube Reader**

#### **The Uno from Ziath i**

s a **compact single tube reader** incorporating a **high-resolution camera with super-fast electronics** capable of reading 2D barcodes from any currently available tube on the market including 384-well tubes.

#### **This powerful device**

is packed with exciting features to make your sample management work with 2D barcoded tubes easier and faster. Simply hold your tube to the scanner window and the code is instantly displayed. Simply hold your tube to the scanner window and the code is instantly displayed. The scanner window is mineral glass, to prevent scratching and extending the instrument lifetime.

#### **Affordably priced,**

the Uno single tube reader also has an optional capability to read Brooks Acoustix™ tubes. The reader can be supplied with or without optional cryoprotection to enable trouble-free scanning of tubes taken straight from cold storage.

#### **The USB 3 device**

acts as a Microsoft Keyboard Wedge and inserts the barcode into any open programme on the desktop. The enhanced drivers allow the Uno to be ready to read immediately with no
